

How to assess sustainability of ocean multi-use?

Round-table workshop

THEME: **UNITED Final Event**

Towards sustainable ocean multi-use...

Round-table workshop

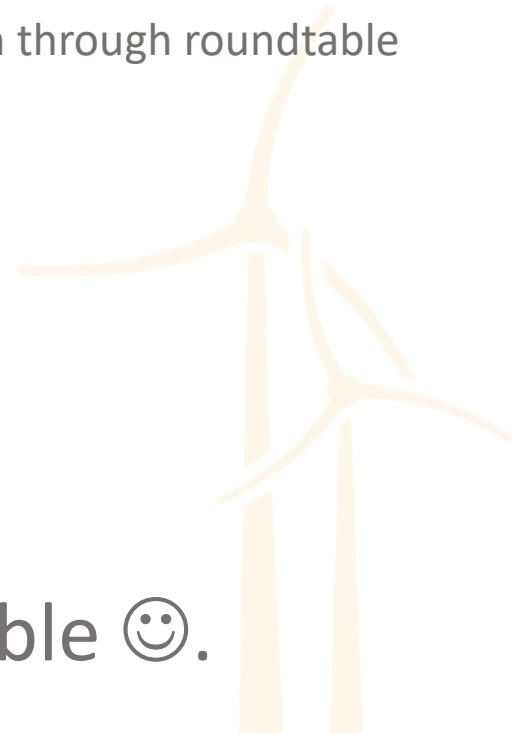

- Goal

- To engage in discussions that cross the boundaries of social, economic, and environmental perspectives to assess multi-use sustainability.
- The session aims to foster unified approaches to multi-use sustainability research through roundtable discussions.

- Round-table workshop flow

- Categorizing and assessing impacts of ocean multi-use
- About win-wins and trade-offs of sustainable ocean-multi-use
- Relevance of participative approaches to sustainable ocean multi-use

- Call for randomly allocating yourself to a round table 😊.
