BLUE MISSION BANOS

Supporting the Mission
Ocean Lighthouse in the
Baltic and North Sea Basins

AlgaeFood aligns seamlessly with the European Mission:Ocean

- Restore our oceans, seas and waters by 2030, furthering a regional initiative to our commitment to a healthy ocean.
- AlgaeFood is set to captivate audiences of all ages, from schools to vocational colleges, through a series of events, cooking courses and outdoor workshops designed to introduce algae into local menus!

Thanks for listening
